To build a career in leading organization with challenging opportunities for growth & shouldering responsibilities that allow me to apply and enhance my skills, preparing for emerging advantages and to leverage my professional competence to contribute to organizational goals.

## EDUCATION

- B-Tech- (C.S.E) Expected Completion - 2026
- Class XII - (CBSE) – 2022 - 92%
- Class X- (CBSE) – 2020 - 87%

## PROFESSIONAL WORK EXPERIENCE

### 1. Full Stack Developer TDP Vista (Jul – Sep 2023) (Internship)

Developed robust applications: a movie streaming website, tech blog, and real-time chat platform. Applied expertise across the stack, from database management (MongoDB) to front-end (React) and back-end (Node.js, Express), ensuring full-stack proficiency. Redux Toolkit for state management, and Tanstack Query for optimized data handling.

#### Functionalities:

- **BLOG WEBSITE:** Implemented functionalities like comments, likes, following, *cloud image uploading* using *cloudinary*, creating posts, searching, authentication, animations, and category blogs.
- **MOVIES STREAMING WEBSITE:** Option of multiple servers to see the movies and series for free, stunning and catchy ui, add to watchlists, caching movies/series using Tanstack query (react-query)
- **REAL – TIME CHAT PLATFORM:** Implemented functionalities of private/group chats, advanced backend operations, notification system, performance optimization, document sharing and many more..

### 2. Frontend Developer Alliedge Technologies (Aug – Sep 2023) (Internship)

- Leveraged **React.js** and **Framer Motion** to create an engaging barber shop website page.
- Implemented responsive design and captivating **animations** for enhanced user experience.
- Integrated a timeline feature, optimizing user interaction and navigation.
- Collaborated with design and development teams to ensure seamless functionality and visual appeal.
